Huaike Yu

Research Assistant

Qilu University of Technology (Shandong Academy of Sciences)

huaike.yu@unswalumni.com

RESEARCH

Interests: Image Watermarking, Steganography, AI Security, Immersive Technologies.

Research guidance: Qi Li (Qilu University of Technology / Shandong Academy of Sciences).

EDUCATION

University of New South Wales (UNSW)

Master's Degree in Simulation and Immersive Technologies

February 2024 - August 2025

University of Newcastle

Bachelor's Degree in International Business

July 2022 - June 2023

Sichuan International Studies University

Bachelor's Degree in Business English

September 2019 - June 2023

INTERNSHIPS & CAMPUS PRACTICE

Sichuan Prism Cloud Technology

Market Researcher | July 2023 - January 2024 | Off-Campus Internship

- Coordinated with the Automated Code Audit department to translate business needs into AI code audit research tasks.
- Designed market research plans and conducted quantitative and qualitative studies.
- Analyzed data from industry sources and academic journals, and prepared market research reports.

Bank of China - Pengzhou Sub-branch

Intern | June 2021 - September 2021 | Off-Campus Internship

- Maintained and developed customer relationships, handling 10-20 account openings daily and resolving inquiries.
- Matched customer needs with market information and coordinated with business departments.
- Contacted more than 20 customers daily to share timely banking updates.

Innovation and Entrepreneurship Practice Base

Director of Operations | October 2019 - October 2021 | On-Campus Practice

- Coordinated daily operations and academic activities, including the 70th anniversary celebration and mentor afternoon tea series.
- Prepared weekly reports and conducted data analysis.
- Assisted with staff management, student recruitment, and interview planning.

Institution name as supplied: Innovation and Entrepreneurship Practice Base of International Business School University.

E-Commerce Practice - Shopee Platform Management

Operations Internship | September 2021 - November 2021 | On-Campus Practice

- Researched Southeast Asian consumer habits; selected and listed more than 15 products daily.
- Optimized product content, keywords, and order processing workflows.
- Designed digital marketing plans using SEO and social media strategies.
- Collected and analyzed data on user behavior and sales trends.

1. Where Does the Watermark Hide? Push-Pull Disentanglement for Invisible Watermark Removal

Jidong Yang, **Huaike Yu**, Qi Li, Chunpeng Wang, Yuantian Miao, Suo Gao, Xiao Chen

arXiv:2609.31722 | 2026 | Preprint

2. Invisible Image Watermark Attacks: A Survey

Jidong Yang, Qi Li, **Huaike Yu**, Xiaoyu Wang, Chunpeng Wang, Bin Ma, Suo Gao, Jinwei Wang, Xiaolong Li

Preprints.org | 2026 | Preprint

3. Disentangle and Drop: Robust Universal Removal of Image Watermarks via Reconstructive Grayscale Residual Decomposition

Qi Li, Jidong Yang, Feng-Lei Fan, Yuantian Miao, Xiao Chen, **Huaike Yu**, Chunpeng Wang, Suo Gao, Herbert Ho-Ching Iu, Bin Ma

arXiv:2609.31693 | 2026 | Preprint

4. Style as Cover: Deep Image Steganography via Stylized Transmission

Qi Li, Jidong Yang, **Huaike Yu**, Chunpeng Wang, Suo Gao, Herbert Ho-Ching Iu, Yuantian Miao, Bin Ma, Xiao Chen

arXiv:2609.22392 | 2026 | Preprint

5. One Prompt Is Enough: Watermark Laundering Through Foundation Image Models

Jidong Yang, Qi Li, Wei Zong, Yang-Wai Chow, Willy Susilo, **Huaike Yu**, Chunpeng Wang, Suo Gao

arXiv:2609.01249 | 2026 | Preprint

6. Research on adversarial attack and defense of large language models

Jidong Yang, Qiangyun Chi, Wenqiang Xu, **Huaike Yu**

Applied and Computational Engineering 93 (1), 105-113 | 2024 | Published Article

RESEARCH PROJECT PARTICIPATION

National Natural Science Foundation of China (NSFC)

Project Participant | 62502250, 62406051, 62302249, 62541206, 62272255

Taishan Scholars Program of Shandong Province

Project Participant | tsqnz20250747

Shandong Provincial Young Science and Technology Talent Support Program

Project Participant | SDAST2025QTB030

SKILLS & COMPETENCIES

Programming	Python
AI & Machine Learning	Machine Learning, Deep Learning
Office Tools	Microsoft Office
Data Analysis	Regression, Classification, Forecasting
Design & Modeling	CAD, Maya (learning)
2D / 3D	2D Drafting, Basic 3D Modeling
Immersive Technologies	VR / AR Applications
Business	Marketing, International Trade, Market Research
Digital Marketing	SEO, Social Media Strategy
Research	Quantitative Research, Qualitative Research
